The diagram illustrates the assembly of a roof truss. The main structure shows two rafters, labeled 10, meeting at a peak. A ridge beam, labeled 16, is shown being installed along the peak. The rafters are supported by a wall plate, labeled 24, which is attached to the wall. The diagram also shows the internal bracing of the truss, with labels 'a' and 'b' indicating the positions of the rafters. A callout shows a close-up of the ridge beam (16) being secured with nails into the rafters.

5

Заклеить технические отверстия заглушками.

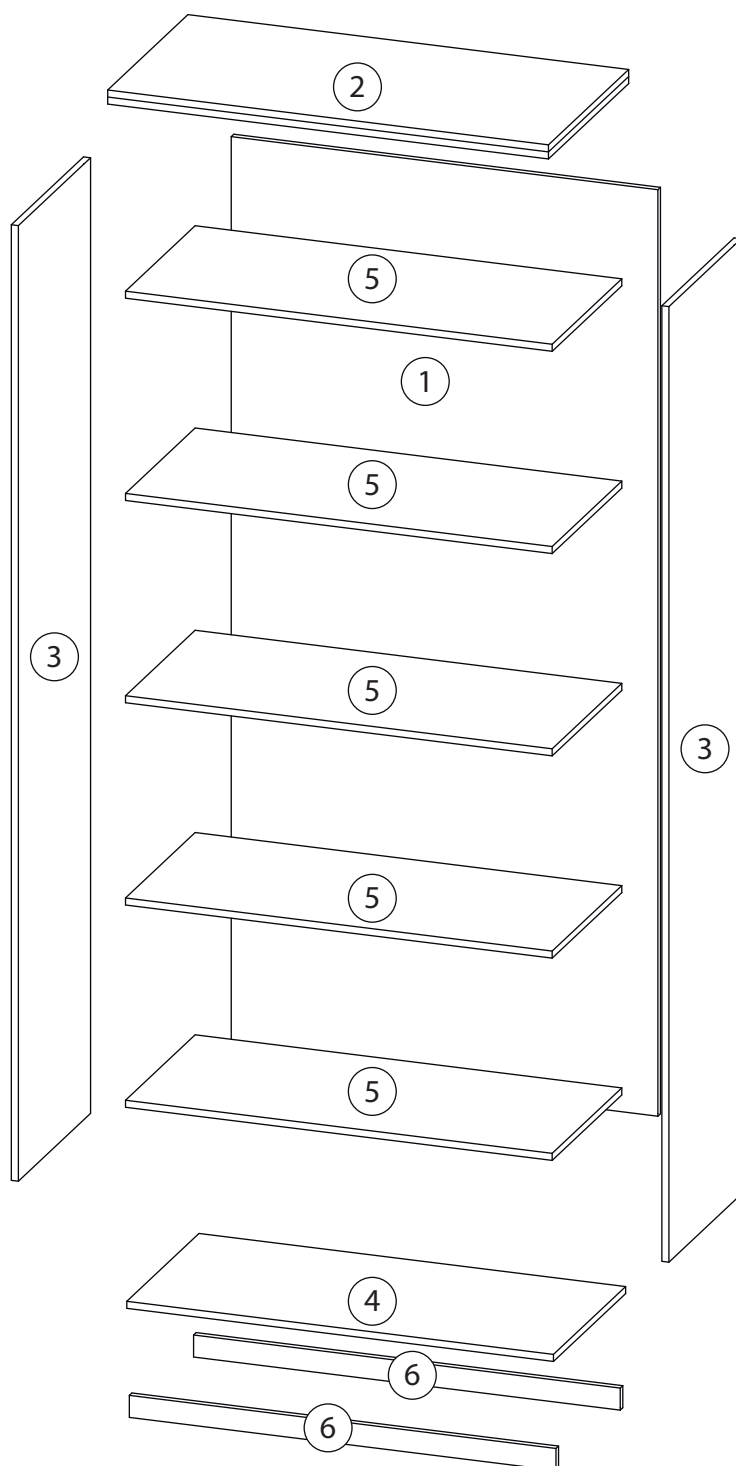

Регулировка петель

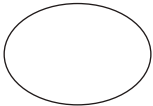

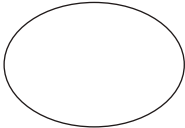

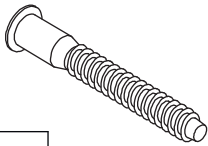

а - регулировка расстояния между дверью и корпусом
 б - регулировка положения двери по-вертикали
 в - регулировка положения двери по-горизонтали
